Report:

Sarah McCleskey moderated the section meeting in New York City, and Polly McCord (formerly vice-moderator) became incoming Moderator. However, Polly left librarianship this year to pursue another career, and Karen DeWitt has been acting moderator since then.

The Architecture Section Meeting in New York was held Saturday, April 17, 2004. Discussion included reports on the NAAB Validation Conference and the AASL conference. There was also discussion of the Architecture Section website, and discussion of possible program ideas for Houston, and new databases relevant to architecture.

The Architecture Section will meet in Houston on Sunday, April 3, 2005, and discussion items will again include the AASL conference, and also the Academic Architecture Library Statistics project. Also planned is a discussion of a possible affiliation of ARLIS/NA with the Society of Architectural Historians.
