My role has been to be a liaison between ARLIS/NA and the Society of Architectural Historians (SAH), with whom we have a formal affiliation. In this role, I kept abreast of SAH activities and shared pertinent information with ARLIS/NA colleagues.

SAH just a few weeks before this report was written provided access to the society listserv for liaisons to their affiliate organizations. This is one of several communication methods SAH employs. Another online forum is the SAH Communities, a series of online groups with specialized interests. Information is also filtered through the communities.

As my successor takes this role on, it would be useful for him/her to participate in one of the various SAH online communities as an additional way to hear information about the society.

Thank you to the ARLIS/NA Board for giving me the opportunity to participate in this way.

Sincerely,
Ann Whiteside
